My daily tracker

Use this calendar to track:

- **1.** When you are taking your XPOVIO® (selinexor) regimen prescribed by your healthcare provider, including any anti-nausea medication required prior to and during XPOVIO treatment.
- 2. How many times you eat each day. It is important to eat nutritious food regularly.
- 3. Your fluid intake each day. It is important to stay hydrated.

Share this tracker with your healthcare provider at your follow up appointments.
